

# *ACKNOWLEDGMENTS*

**I**t is my pleasure to acknowledge the outstanding help and support of the team at Mercury Learning and Information in preparing this book, especially from David Pallai and Jennifer Blaney. Thank you to Brian Gaskin and James Gaskin for their wonderful hearts and for being great American neighbors. Thanks to Professor John Burghduff and Professor Mary Jane Ferguson for their support, understanding, and being great friends. Thanks also to Dr. Fadi Alameddine for taking good care of my mother's health during the course of this project. I would also like to thank Dr. Kendall Harris, my college dean, for his constant support. Finally, the book would never have seen the light of day if not for the constant support, love, and patience of my family—and the original manuscript of the late David A. Santos.
