devices and decorations

page 28 row 23

... the enabling image in the development of the park within and embracing the farmland estate ...

We are not sure what refers to the former estate

fields under cultivation
grasses, but still
primary or secondary
not used for cultivation
or profitable
agriculture

page 31 row 18

Search for
Pavane

... but that search with lay behind the scented scene.

the search with layers behind the scene ?
or the search of what layers behind the scene.

tar: long

page 34, row 18

On foreign ground we test our acceptability as strong
in other people's territory - ~~part~~ anxiety anticipated
part anxiety dispelled

are we ... post anxiety anticipated or are other people
post anxiety anticipated?

territorial density

page 46, row 16

What are the white and green things which signalled the ecclesiastical use?

White and green variable only used in sawmills
buildings = 

nest, in Siena⁻²⁻, brick & greyish stone
