

Acknowledgements

There are a number of individuals and organizations who have contributed to the successful completion of this book. I am truly grateful to the people that have contributed their time, work and effort in the compilation of this book.

I would like to express my deepest appreciation to IFLA and all of its affiliates for the opportunity to serve as their President. I would also like to take this opportunity to sincerely thank the editorial team, Jesús Lau, Anna Maria Tammaro and Theo Bothma for their significant professional contribution in compiling this book.

My appreciation also goes to Jānis Kārklīņš from UNESCO for writing the foreword. It would not have been possible to put this publication together had it not been for the insightful contribution from all of the authors to the different chapters. Last but not least, a heartfelt thanks to all of the participants to the brainstorming sessions and the initial President-elect Working Group.
