

List of Figures

Figure 2.1:	Givón's topicality hierarchy — 20
Figure 3.1:	Percentage of clause types by person in ICE-GB conversations — 50
Figure 3.2:	Raw frequencies of high-frequency lexemes in ICE-GB conversations — 57
Figure 3.3:	Histogram of null subjects per file in ICE-GB conversations — 58
Figure 3.4:	Percentage of null subjects per speaker in ICE-GB conversations — 59
Figure 3.5:	Percentage null subjects by gender ICE-GB — 60
Figure 3.6:	Percentage null subjects by age group ICE-GB — 61
Figure 3.7:	Attraction and reliance scores of verbs to ICE-GB null subjects — 62
Figure 3.8:	Attraction and reliance scores of verbs in position AND1 ICE-GB — 73
Figure 3.9:	Attraction and reliance scores of verbs in position AND2 ICE-GB — 74
Figure 3.10:	Referential vs non-referential second person pronouns ICE-GB — 76
Figure 3.11:	Interaction graph person by reference ICE-GB — 78
Figure 3.12:	Interaction graph switch reference by coordination ICE-GB — 79
Figure 3.13:	Interaction graph switch reference by persistence ICE-GB — 80
Figure 3.14:	Interaction graph verb type by person ICE-GB — 82
Figure 3.15:	Predicted probabilities for factor levels ICE-GB — 83
Figure 3.16:	Predicted probabilities for factor levels first person ICE-GB — 88
Figure 4.1:	Meyerhoff's taxonomy of transfer — 146
Figure 5.1:	Comparison of absolute numbers of clause types by person — 154
Figure 5.2:	Referential vs non-referential pronouns — 157
Figure 5.3:	Comparison of null subjects per file — 160
Figure 5.4:	Amount of speakers with categorical overt subjects — 161
Figure 5.5:	Comparison percentage of null subjects per conversation — 162
Figure 5.6:	Comparison null subjects by coordination — 163
Figure 5.7:	Collocates of null subjects Asian varieties — 164
Figure 5.8:	Attraction and reliance scores of verbs in position AND1 Asian Englishes — 170
Figure 5.9:	Attraction and reliance scores of verbs in position AND2 Asian Englishes — 171
Figure 5.10:	Percentage null subjects by gender ICE-IN — 174
Figure 5.11:	Percentage null subjects by age group ICE-IN — 174
Figure 5.12:	Percentage null subjects by L1 ICE-IN — 175
Figure 5.13:	Interaction graph switch reference by persistence ICE-IN — 181
Figure 5.14:	Interaction graph verb type by person ICE-IN — 182
Figure 5.15:	Referential vs non-referential pronouns ICE-IN — 183
Figure 5.16:	Predicted probabilities for factor levels ICE-IN — 184
Figure 5.17:	Percentage null subjects by gender ICE-HK — 187
Figure 5.18:	Interaction graph switch reference by persistence ICE-HK — 192
Figure 5.19:	Interaction graph verb type by person ICE-HK — 193
Figure 5.20:	Referential vs non-referential <i>it is</i> ICE-HK — 194
Figure 5.21:	Predicted probabilities for factor levels ICE-HK — 195
Figure 5.22:	Percentage null subjects by ethnic group GSSEC — 198
Figure 5.23:	Interaction graph verb type by person GSSEC — 207
Figure 5.24:	Predicted probabilities for factor levels GSSEC — 208
Figure 5.25:	Comparison percentage null subjects by speaker — 219
Figure 5.26:	Factor group person in the Asian Englishes — 225

Figure 5.27: Factor group clause in the Asian Englishes — **228**

Figure 6.1: Comparison effects verb type full data set — **241**

Figure 6.2: Comparison effects verb type first person — **241**

Figure 6.3: Comparison predicted probabilities — **242**
