

# List of figures

- Figure 1.1** Statements defining anthropological linguistics/linguistic anthropology — **9**
- Figure 4.1** The spreading of Afroasiatic — **78**
- Figure 6.1** A record card — **144**
- Figure 7.1** Regions of data collection — **162**
- Figure 7.2** Kendon's (2004) continuum of gestural practices — **167**
- Figure 7.3** Height indication (people) among the Ts'ixa — **170**
- Figure 7.4** Pointing gesture for visible distal entities among the Ts'ixa — **171**
- Figure 7.5** Pointing gesture for non-visible distal entities among the Ts'ixa — **171**
- Figure 7.6** Pointing gesture for (visible) proximal entities among the Ts'ixa — **172**
- Figure 7.7** Times of day gestures among the Ts'ixa — **172**
- Figure 7.8** a. RSL mouth gesture 'cheeks sucked-in' b. RSL mouth gesture 'puffed cheeks' — **179**
- Figure 7.9** Yolngu sign SIBLING — **181**
- Figure 7.10** The I-LOVE-YOU sign as trademarked by a South African coffee house chain — **187**
- Figure 9.1** Sanitary pad playfully arranged on a no-parking sign in El Arenal (Spain), a predominantly heteronormative, white male party destination (Storch 2018) — **224**
- Figure 9.2** Educating women about their genitalia — **230**
- Figure 9.3** Discursive space intentionally left blank — **232**
- Figure 10.1** The difference between semantic gender and pragmatic gender is a matter of indexical focus — **245**
- Figure 10.2** Relationship between interactional role primitives (S, A, R) and their denatured analogs (An., Rec., N) — **260**
- Figure 10.3** Foci, features, and functions in person indexicality — **268**
- Figure 11.1** Human evolution silhouettes by *Vector Open Stock* (reproduced under CC BY 2.0 license, via Flickr) — **278**
- Figure 11.2** Drawing (© Tataiya Kokama and Geraldino Bernardino, reproduced by permission) — **285**
- Figure 11.3** Tamahet Kamaiura demonstrates the use of knotted strings for time reckoning in 2016 (image © Silva Sinha) — **296**
- Figure 13.1** Implicational universal relations among BCTs (Berlin and Kay 1969: 5) — **349**
- Figure 13.2** Semantic network of the NGE class in Maasina (based on Breedveld 1995b) — **360**
- Figure 16.1** The network of communicative practices found in Ngaanyatjarra communities (reprinted with permission from Elizabeth Marrkilyi Ellis (original design) and Christine Bruderlin (artwork)) (Kral and Ellis 2020: 50) — **451**
- Figure 17.1** A *toum* fishtrap on the Mekong River, near Vientiane, in Laos (Photo by N. J. Enfield) — **487**
