PREFACE	VII
LIST OF TABLES AND FIGURES	XV
Part One	TOWARDS THE IDEAL TYPE MODEL OF CONSERVATISM AS AN IDEOLOGY
Chapter 1	<i>Introduction</i>
NOTES ON CHAPTER 1	3 14
Chapter 2	<i>On Methodology</i>
2.1.	INTRODUCTION 17
2.2.	DEFINITION AND CONCEPTUALIZATION OF COMPLEX CONSTRUCTS 18
2.2.1.	The ideal type approach to the definition of com- plex constructs 18
2.2.2.	Conceptualizing constructs 21
2.2.2.1.	Operationalization 21
2.2.2.2.	Empirical assessment: the universes 23
2.2.2.3.	Empirical assessment: Type-1 analysis 24
2.2.2.4.	Type-1 analysis: interpretations of results 25
2.3.	TOWARDS THEORY CONSTRUCTION BY MEANS OF 'SYSTEM- ATIC EXPLORATION': TYPE-2 ANALYSIS 26
2.3.1.	Introduction 26

x Contents

2.3.2.	Procedures	27
2.3.3.	Extensions	30
2.4.	SUMMARY	31
	NOTES ON CHAPTER 2	32
Chapter 3	<i>A Survey of Previous Research</i>	37
3.1.	INTRODUCTION AND GENERAL OVERVIEW	37
3.2.	DEFINITIONS OF PROGRESSIVENESS (LIBERALISM, RADICAL-ISM) VS. CONSERVATISM	41
3.2.1.	Levinson's 'politico-economic conservatism'	43
3.2.2.	McClosky's 'classical conservatism'	44
3.2.3.	Other recent definitions	46
3.3.	CONCEPTUALIZATIONS OF PROGRESSIVENESS (LIBERALISM, RADICALISM) VS. CONSERVATISM	51
3.3.1.	One scale	51
3.3.1.1.	The PEC-scale	53
3.3.1.2.	The 'classical conservatism' scale	54
3.3.2.	Preconceptualized dimensions (scale level)	55
3.3.2.1.	Early factor-analytic studies	55
3.3.2.2.	Modern multidimensional approaches	56
3.3.3.	Differential reactions to abstract ideas vs. specific opinions and attitudes	60
3.3.3.1.	Early evidence	60
3.3.3.2.	Studies on liberal democracy	61
3.3.4.	Analyses at the item level: intercorrelations	63
3.3.4.1.	'The Nature of Belief Systems in Mass Publics'	63
3.3.4.2.	Critics of the 'lack of constraint' theory	65
3.3.5.	Factor-analytic studies at the item level	67
3.3.5.1.	Eysenck's and other English studies	67
3.3.5.2.	Kerlinger's 'criterial referents'	71
3.3.5.3.	Other recent studies	74
3.4.	SOME NOTES ON DUTCH RESEARCH	76
3.4.1.	Introduction	76
3.4.2.	Hoogerwerf's 'socio-political conservatism'	77
3.4.3.	Other general approaches	78
3.4.4.	Specific approaches	81
3.4.5.	Studies on the Dutch party system	82
3.4.6.	Studies on farming: the 'modern dynamic culture pattern'	83
3.5.	DISCUSSION AND CONCLUSIONS	84
	NOTES ON CHAPTER 3	89

Chapter 4	<i>The Definition of the Construct of Conservative Ideology: The Construction of the Ideal Type Model</i>	101
4.1.	INTRODUCTION	101
4.2.	ON IDEOLOGY	102
4.2.1.	Discussion	106
4.3.	HISTORICAL BACKGROUND: A ROUGH OUTLINE	108
4.3.1.	The Enlightenment	108
4.3.2.	The romantic conservative reaction	110
4.3.3.	The heirs of the Enlightenment: classical liberalism and Marxism	115
4.3.4.	Liberalism and conservatism and their reaction to Marxism	117
4.3.5.	A note on the Netherlands: the emancipatory religious movements	122
4.3.6.	Discussion	124
4.3.6.1.	A note on the United States	126
4.3.6.2.	Some final comments	130
4.4.	CONSERVATISM AS AN IDEOLOGY: AN IDEAL TYPE CONCEPTUAL MODEL	133
4.4.1.	Introduction	133
4.4.2.	The model	134
4.5.	DISCUSSION	141
4.6.	CONSERVATISM AS AN IDEOLOGY: AN ANALYSIS IN TERMS OF UNDERLYING BASIC VALUES	148
4.7.	IMPLICATIONS FOR EMPIRICAL RESEARCH	151
	NOTES ON CHAPTER 4	151

Part Two THE EMPIRICAL ASSESSMENT OF PROGRESSIVE-CONSERVATIVE DIMENSIONS AND AN ATTEMPT AT THEORY CONSTRUCTION

Chapter 5	<i>Operationalizations of Conservative Ideology: The Abstract and Attitudinal Progressive-Conservative Domains</i>	161
5.1.	INTRODUCTION	161
5.2.	DIRECT OPERATIONALIZATION: THE ABSTRACT LEVEL	162
5.3.	INDIRECT OPERATIONALIZATION: THE ATTITUDE LEVEL	167

XII Contents

5.3.1.	Stage 1: item selection by means of secondary analysis	167
5.3.1.1.	Introduction	167
5.3.1.2.	Procedures followed and results	168
5.3.2.	Stage 2: defining sets of items to be tested for scalability	171
5.3.3.	Stage 3: attitude scale construction	175
5.3.3.1.	Introduction	175
5.3.3.2.	Results	176
5.3.4.	Discussion and summary	180
	NOTES ON CHAPTER 5	183
Chapter 6	<i>Type-I Analysis: Dimensions of Ideological Controversy in the Progressive-Conservative Domain</i>	187
6.1.	INTRODUCTION	187
6.2.	DIMENSIONS AT THE ABSTRACT (PHILOSOPHICAL) LEVEL	188
6.2.1.	The general population	188
6.2.1.1.	Discussion	192
6.2.2.	Semi-elites: the highly educated and the politically interested	199
6.2.2.1.	Conclusions	202
6.2.3.	The elite: members of parliament	203
6.2.4.	Conclusions	205
6.3.	THE VALIDITY OF THE ABSTRACT DIMENSIONS IN THE GENERAL POPULATION AND IN THE ELITE	205
6.3.1.	Measurements and interrelations: 'false consciousness'	205
6.3.2.	Validity	208
6.3.3.	Discussion and summary	211
6.4.	DIMENSIONS AT THE ATTITUDE LEVEL	214
6.4.1.	The general population	214
6.5.	IDEOLOGICAL DIMENSIONS: INTEGRATION OF ABSTRACT DIMENSIONS AND THE ATTITUDINAL DOMAIN	222
6.5.1.	The general population	222
6.5.1.1.	Exploration and modification: towards a 'best' solution	225
6.5.1.2.	An excursion: people considering themselves to belong to a certain church	228
6.5.1.3.	Discussion	232
6.5.2.	Some semi-elites and their corresponding non-elitist groups	238
6.5.3.	The elite: members of parliament	243

6.5.4.	Conclusion	245
6.6.	THE VALIDITY OF THE IDEOLOGICAL DIMENSIONS IN THE GENERAL POPULATION AND IN THE ELITE	248
6.6.1.	Measurements and interrelations: 'false con- sciousness'	248
6.6.2.	Validity	252
6.7.	(ABSTRACT) IDEOLOGICAL DIMENSIONS AND SOCIAL CLASS: A FINAL ASSESSMENT OF THE IDEOLOGICAL NATURE OF THE MASS — DIMENSIONS	256
6.7.1.	A note on 'working class conservatism'	260
6.8.	SUMMARY	264
	NOTES ON CHAPTER 6	271
Chapter 7	<i>Towards Theory Construction</i>	277
7.1.	INTRODUCTION	277
7.2.	THE CONSTRUCTION OF VARIABLES TO BE USED IN TYPE-2 ANALYSIS	278
7.3.	THE INITIAL RELATIONSHIP: SOCIAL CLASS AND LEFT-RIGHT IDEOLOGY	283
7.4.	TYPE-2 ANALYSIS: SYSTEMATIC EXPLORATION	285
7.4.1.	Clarification	286
7.4.1.1.	Social class and left-right ideology: the 4 by 4 table	286
7.4.1.2.	Component analysis	287
7.4.1.3.	Status-inconsistency	289
7.4.2.	Within-analysis: social mobility and class con- sciousness	291
7.4.2.1.	Social mobility	292
7.4.2.2.	Class consciousness	294
7.4.3.	An attempt to construct causal models	298
7.4.3.1.	Introduction	298
7.4.3.2.	Model 1	298
7.4.3.3.	Model 2	299
7.4.3.4.	Model 3	302
7.4.4.	Conclusions: determinants of left-right ideology	302
7.4.5.	Attempts at specification	305
7.4.5.1.	Specifying variables: a description of their effects	306
7.4.5.2.	Attempts at interpretation	308
7.4.6.	Suppressor variables	310
7.4.7.	Conclusions	313
7.5.	TYPE-2 ANALYSIS EXTENDED (1): SYSTEMATIC EXPLORATION AROUND THE RELATIONSHIP BETWEEN SOCIAL CLASS AND LIBERTARIANISM-TRADITIONALISM	315

XIV Contents

7.5.1.	Introduction	315
7.5.2.	Component analysis	316
7.5.2.1.	Status-inconsistency	317
7.5.3.	Within-analysis: social mobility and class identification	318
7.5.3.1.	Social mobility	318
7.5.3.2.	Class identification	319
7.5.4.	An attempt to construct causal models	320
7.6.	TYPE-2 ANALYSIS EXTENDED (2): THE RELATIONSHIP BETWEEN SOCIAL CLASS, LEFT-RIGHT IDEOLOGY AND VOTING BEHAVIOR	327
7.6.1.	Introduction	327
7.6.2.	Social class and vote-intention	328
7.6.3.	Social class, left-right ideology and vote-intention	330
7.6.4.	Possible developments in the 1970's	331
7.6.5.	The construction of theory	334
	NOTES ON CHAPTER 7	340
	Chapter 8 <i>Summary and Epilogue</i>	347
	NOTES ON CHAPTER 8	362
	<i>Bibliography</i>	363
	<i>Appendices</i>	
APPENDIX 1:	Introduction to the Dutch questionnaires; a general outline	389
APPENDIX 2:	Data collection: the national cross-sectional sample and the elite sample	390
APPENDIX 3:	Items and attitude scales in the progressive-conservative domain	394
APPENDIX 4:	Measurement of the abstract-ideological dimensions	409
APPENDIX 5:	Measurement of the ideological dimensions	412
APPENDIX 6:	Sets of (potentially) scaling items and single items as variables rounding out the total design	415
APPENDIX 7:	Relationships between variables used in Type-2 analysis and ideological dimensions	432
APPENDIX 8:	Interrelationships of independent and intervening variables to be included in Type-2 analysis	434
	<i>Author Index</i>	443
	<i>Subject Index</i>	445
