

## Acknowledgements

At the outset, we would like to thank the Musée du Louvre and the Ägyptisches Museum und Papyrussammlung Berlin for permission to publish the two texts that form the subject of this volume. In particular, we would like to express our gratitude to Myriam Krutzsch, Jan Moje (Ägyptisches Museum und Papyrussammlung Berlin), and Audrey Viger (Musée du Louvre), for facilitating our study of the papyri in their collections and providing the photographs of them reproduced in plates 1–17. We are also grateful to Silke Caßor-Pfeiffer, Hans-Werner Fischer-Elfert, Holger Kockelmann, Stefan Pfeiffer, and Manon Schutz for the advice and assistance they have provided during the preparation of this edition. We would like to thank the editors of the *Zeitschrift für ägyptische Sprache und Altertumskunde – Beihefte* for their willingness to include our study of these two texts in that series. Finally, our thanks go to Charlotte Webster, Anne Hiller, Elisabeth Stanciu, and Mirko Vonderstein of De Gruyter for their expert guidance and patience during the production of this book.
