

Acknowledgments

As the editor of this book, I am very grateful for the financial support from the planning textbook construction funds of the University of Science and Technology Beijing (no. JC2022YB013). The authors of each chapter also provided great help. I would like to express my sincere gratitude to the authors Yiling Liu, Xin Wang, Yijie Yang, Zhaoyi Wang, Yuxin Ouyang, Guangpeng Feng, and Zihan Liu. In addition, I also express my gratitude to the books cited. Most of the contents of this book are collected from various related journals and works. Finally, I would like to thank all the readers of this book. It is your support and affirmation that gave the motivation to publish. Owing to the relatively short writing time, omissions and even errors in the book are inevitable. We will listen carefully to readers' criticisms and correction.
