Preface — VII

Foreword — IX

A brief professional profile of Prof. Diwan S. Rawat — XI

Bubun Banerjee, Aditi Sharma, Anu Priya, Arvind Singh, and Manmeet Kaur

Chapter 1

Some commercially available and preclinical drug molecules with three-membered *N*- or *O*-heterocyclic skeletons — 1

Gullapelli Kumaraswamy, Busireddy Manohar Reddy,
and Vaidya Jayathirtha Rao

Chapter 2

Photo-irradiated synthesis of three-membered heterocycles — 21

Prakash K. Mandal, Ramlal Baidya, and Dilip K. Maiti

Chapter 3

Synthesis of three-membered heterocycles under electrolysis — 59

Yadavalli Venkata Durga Nageswar, Katla Ramesh, and Katla Rakhi

Chapter 4

Ultrasound-assisted synthesis of three-membered heterocycles — 95

Sk Ajarul, Tanmay K. Pati, Aranya Das, and Dilip K. Maiti

Chapter 5

Organocatalyzed synthesis of three-membered heterocycles — 109

Sasadhar Majhi

Chapter 6

Solvent-free synthesis of three-membered heterocycles — 129

Debasish Ghosh, Saikat Khamarui, and Dilip K. Maiti

Chapter 7

Green synthesis of bioactive diaziridines — 153

Rajesh Nandi, Sukla Ghosh, Subhasis Pal, Anindya S. Manna, Tanmoy Ghosh,
Antara Roy, and Dilip K. Maiti

Chapter 8

Green synthesis of bioactive oxaziridines — 163

Aranya Das, Sk Ajarul, Poulami Hota, and Dilip K. Maiti

Chapter 9

**Applications of three-membered heterocycles to construct higher-membered
heterocycles — 179**

Index — 197
