Preface — V

About the Editors — IX

List of Contributors — XI

Ashwini A., Jency Rubia J., H. Sehina, and Sundaravadivazhagan B.

1 Unveiling the Power of Generative AI: A Journey into Large Language Models — 1

Ashwini A., Kavitha V., Balasubramaniam S., and Seifedine Kadry

2 Early Roots of Generative AI Models and LLM: A Diverse Landscape — 23

Arun C., S. Karthick, S. Selvakumara Samy, B. Hariharan,
and Po-Ming Lee

3 Generative AI Models and LLM: Training Techniques and Evaluation Metrics — 43

Abinaya M., Vadivu G., Balasubramaniam S., and Seifedine Kadry

4 Importance of Prompt Engineering in Generative AI Models — 69

Anitha Velu, Raghu Ramamoorthy, Manasa S.M., and A. Prasanth

5 LLM Pretraining Methods — 93

S. Aathilakshmi, G. Sivapriya, and T. Manikandan

6 LLM Fine-Tuning: Instruction and Parameter-Efficient Fine-Tuning (PEFT) — 117

Dawn Sivan, K. Satheesh Kumar, Veena Raj, and Rajan Jose

7 Reinforcement Learning from Human Feedback (RLHF) — 135

Ashwini A., J. Manoj Prabhakar, and Seifedine Kadry

8 Exploring the Applications on Generative AI and LLM — 155

Mani Deepak Choudhry, M. Sundarrajan, Karthic Sundaram,
and Rama Abirami K.

9 Bias and Fairness in Generative AI — 177

Abinaya M., Vadivu G., and Sundaravadivazhagan B.

10 Future Directions and Open Problems in Generative AI — 193

Pankaj Rahi, Mayur Dilip Jakhete, and Anurag Anand Duvey

11 Optimizing Sustainable Project Management Life Cycle Using Generative AI Modeling — 213

Reshmi L. B., Vipin Raj R., Balasubramaniam S., and K. Satheesh Kumar

12 Generative AI and LLM: Case Study in Finance — 231

Rajiv Iyer, Vedprakash C. Maralapalle, Poornima Mahesh,
and Deepak Patil

13 Generative AI and LLM: Case Study in E-Commerce — 253

Index — 273
