

Abbreviations

CP	Cathodic protection
CSA	Canadian Standards Association
DNV	Det Norske Veritas
ECDA	External corrosion direct assessment
ESD	Emergency shutdown
ESDV	Emergency shutdown valve
HSE	Health, Safety, and Environment
HIC	Hydrogen-induced corrosion
ID	Internal diameter
IMP	Integrity management program
IGE	Institute of Gas Engineers
MOC	Management of Change
MOP	Maximum operating pressure
MAOP	Maximum allowable operating pressure
NDT	Nondestructive testing
NDE	Nondestructive examination
NACE	National Association of Corrosion Engineers
OD	Outer diameter
PE	Polyethylene
KPI	Key performance indicator
PSV	Pressure safety valve
ROW	Right of way
SCC	Stress corrosion cracking
SCADA	Supervisory control and data acquisition
