Paloma Guijarro Ruano

Alternative Literary Traditions in Greek Epigrammatic Poetry down to 400 BCE? A Reassessment of the Evidence

Tab. 1: Alleged continental features proposed by Pavese (rows 1–4) and Trümpy (rows 3–9) — **56**

Tab. 2: Unexpected $\tilde{\alpha}$ in Attic epigrams — **65**

Alcorac Alonso Déniz

Local Dialects and “Literary Language(s)” in Classical and Hellenistic Inscribed Sacred Songs: Tradition, Linguistic Adaptation, and Transmission

Tab. 1: Greek inscribed sacred songs (5th–1st cent. BCE) — **84**

Dalia Pratali Maffei

Hellenistic Epigrams from Cos: Between Pan-Hellenic Dialectal Trends and Local Influence

Tab. 1: Literary Koine features in Coan epigrams: linguistic levels and frequency — **112**

Tab. 2: Epic-Ionic features in Coan epigrams, Koine equivalents, and respective frequencies — **115**

Tab. 3: Common Doric features in Coan epigrams, Koine equivalents, and respective frequencies — **123**

Tab. 4: Doric/epic-Ionic features in Coan epigrams, Koine equivalents, and respective frequencies — **125**

Tab. 5: Frequency of epigrams with Doric colouring, Ionic/Attic colouring, and $\tilde{\alpha}/\eta$ mixture (Coan corpus and Meleager) — **127**

Tab. 6: Doric features (common Doric and shared Doric/epic-Ionic) in Meleager’s Doric-coloured epigrams set or composed in Cos — **129**

Tab. 7: Doric features (common Doric and shared Doric/epic-Ionic) in Meleager’s Doric-coloured epigrams not set in Cos — **130**

Matilde Garré

Competing Influences and Dialectal Models in the Language of Boeotian Proxeny Decrees (4th to 2nd Century BCE)

Tab. 1: Chronological and geographical distribution of Boeotian federal proxeny decrees — **232**

Tab. 2: Chronological and geographical distribution of Boeotian civic proxeny decrees — **233**

Tab. 3: The wording of Boeotian proxeny decrees — **237**

Tab. 4: Geographical distribution of $\tilde{\epsilon}\kappa\gamma\omicron\nu\omicron\varsigma$ and $\tilde{\epsilon}\sigma\gamma\omicron\nu\omicron\varsigma$ — **243**

Panagiotis Filos

Koineization in NW Doric Areas and the Onomastic Evidence: The Κλεύμαχος/Κλεόμαχος-type Compound Names Revisited

Tab. 1: *Ceo-* vs *Ceu-* names in NW Doric areas (Bubenik 1989: 134) — **261**

Tab. 2: Distribution of *Ceu-/Ceo-* names in Epirus — **265**

Tab. 3: Pairs of identical *Ceu-/Ceo-* names in Epirus — **267**

- Tab. 4:** Distribution of *Ceu-/Ceo-* names in Epirus, including data from the Dodona tablets — **269**
- Tab. 5:** Distribution of *Ceu-/Ceo-* names in Aetolia — **271**
- Tab. 6:** Distribution of *Ceu-/Ceo-* names in Acarnania — **272**
- Tab. 7:** Distribution of *Ceu-/Ceo-* names in Phocis — **273**
- Tab. 8:** Distribution of *Ceu-/Ceo-* names in E. Locris (+ Opuntian Locris, Epiknemidian Locris) — **274**
- Tab. 9:** Distribution of *Ceu-/Ceo-* names in W. Locris — **275**
- Tab. 10:** Distribution of *Ceu-/Ceo-* names in Doris — **276**
- Tab. 11:** Distribution of *Ceu-/Ceo-* names in Phthiotis – Malis – Aenis – Oetea — **277**
- Tab. 12:** Distribution of *Ceu-/Ceo-* names in Delphi — **278**
- Tab. 13:** Distribution of *Ceo-/Ceu-* names in Delphi (Bubenik 1989: 212) — **279**
- Tab. 14:** Distribution of *Ceu-/Ceo-* names in Elis — **281**

Sophie Minon

Socio-dialectal Koineization in the Argive Onomasticon: A Quantitative Analysis of a Cohort of 275 Personal Names (6th cent. BCE – 2nd cent. CE)

- Tab. 1:** Key dates in the history of Argos — **290**
- Tab. 2:** A sample illustration of the analytical criteria applied to the corpus of Argive personal names (Χαλφιδάμνος) — **294**
- Tab. 3:** A sample analysis of the dialectal marking of personal names belonging to the three main socio-stylistic registers — **295**
- Tab. 4:** Statistics for the Archaic period — **296**
- Tab. 5:** Statistics for the Classical period (5th century BCE) — **299**
- Tab. 6:** Statistics for the fourth-century period — **299**
- Tab. 7:** Statistics for the Hellenistic period (3rd century to 146 BCE) — **299**
- Tab. 8:** Statistics for the long 1st century (from 146 BCE) — **300**
- Tab. 9:** Statistics for the Imperial period (1st/2nd centuries CE) — **300**
- Tab. 10:** Statistics for all periods combined — **305**
