

## Editors' Preface

This book is the result of a conference of the same title that took place at TU Dresden on 14–15 July 2022, organized by the editors. We would like to thank Anton Kürzinger and Anna D. Uschner for their invaluable work throughout the days of the conference. We are also most grateful to the Deutsche Forschungsgemeinschaft (DFG) for their generous financial support of the conference which they provided as part of the TU Dresden-based project “Ein Kommentar zu Herodians *Geschichte des Kaisertums nach Marc Aurel*” (Projektnummer 415492189).

In the editing and production of the volume, we gratefully acknowledge the labors of Anton Kürzinger, Paula Ulfig, Anna D. Uschner, and Lea Maria Wildner in preparing the manuscript for submission and compiling the index. The support and guidance of Laura Carrara as the responsible series editor and of Jessica Bartz, Katharina Legutke, and Mirko Vonderstein at Walter de Gruyter have also been most welcome and appreciated.
