FOREWORD	iii
1. INTRODUCTION	1
2. THE ARABICA COFFEE TREE, YEMEN VARIETIES AND SEED PREPARATION.....	3
The Tree	3
Coffee Varieties	7
Seed Preparation	8
3. ENVIRONMENTAL CONDITIONS	11
Climate	11
Soil	12
4. COFFEE NURSERY METHODS AND SEEDLING PRODUCTION	15
Problems	15
General Nursery Techniques	16
Small Farmer Nurseries	19
Large or Central Nurseries	20
5. FIELD PLANTING	25
Problems	25
Spacing	25
Interplanting	26
Holing	27
Transplanting	27
6. PRUNING	31
The Survival of a Healthy Coffee Tree	31
Problems	32
Pruning Methods	32

7. WEEDING AND INTERCROPPING	43
Weed control	43
Intercropping	44
8. SHADE AND SHELTER	45
9. IRRIGATION, WATER USE AND MULCHING	51
Irrigation	51
Water Use	52
Mulching with Stones	53
10. MANURE AND FERTILISER	57
Key to Mineral Deficiency or Imbalance Symptoms	57
Organic Manure	61
Fertilisers	61
11. PHYSIOLOGICAL AND OTHER DISORDERS	65
Genetic Effects	65
Climatic Effects	65
Overbearing Dieback and Debility Syndrome	68
12. DISEASES AND PESTS	71
Diseases	71
Pests	74
13. HARVESTING AND PROCESSING	79
Picking	79
Drying	80
Hulling	81
Roasting	82
14. GENERAL OBSERVATIONS	83
Timeliness and the Coffee Calendar	83
Irrigation Pattern and Water Use	83
Root System Development and Early Cropping Levels	84
Pest Control	84
Coffee Research	86
REFERENCES	87
