

Contents

GRÄFE, U.: Biotechnology of Bioactive Microbial Metabolites: an Example Illustrating the Microbial Potential of Adaptation and its Utilization (in German)	3
MÜLLER, R. H.; ZIMMERMANN, E.; BABEL, W.: A Fed-Batch Cultivation Method for the Simultaneous Utilization of Glucose and Formate by Yeasts	21
RICHTER, K.; BECKER, U.: Effects of Temperature on Microbial Ethanol Production III. The Influence of the Temperature on the Relation existing between the Specific Ethanol Formation Rate of the Yeast <i>Saccharomyces cerevisiae</i> Sc 5 and the Ethanol Concentration in the Culture Medium	29
AKPAN, I.; IKENEBOMEH, M. J.; OBUEKWE, C. O.: Production of Ethanol from Cassava Whey	39
ŁOBARZEWSKI, J.; KOLARZ, B. N.; WOJCIL, A.; WOJACZYNSKA, M.; TROCHIMCZUK, A.; BŁASZCZYNSKA, T.: Immobilization of Fungal Peroxydase on Alkylaminated Organic and Inorganic Porous Supports	47
POBEDIMSKI, D. G.; VINAROV, A. Yu.; RESHETNIK, O. A.; MINGALEEVA, Z. Sh.; GUTMAN, A. Sh.; SHISHKINA, L. N.: Influence of Antioxidants on the Growth of Microorganisms (in Russian)	55
GRÜNDIG, B.; BEHBENS, U.; KERNS, G.; TIERSCH, A.: Monitoring Microbial Product Synthesis by Measurement of the Dehydrogenase Activity	71
CARL, S.: On the Time Evolution of Substrate Concentration Profiles in Spherical Enzyme Supports (in German)	77
BECK, D.; HEINRITZ, H.-J.; WORBS, M.: Microbial Coal Desulfuration (in German)	87
KAHRU, A.; VILU, R.: Use of the Luciferin-Luciferase Assay of ATP for Measuring the Bacterial Growth: Application to <i>Escherichia coli</i>	93
NEŠPŮRKOVÁ, L.; RYBOVÁ, R.; JANÁČEK, K.: Acid-Base Solar Biobattery Exploiting Water Plants	99
KOVÁR, J.: High Performance Liquid Chromatography and Biotechnological Application of Several Oxidoreductase	103
Book Reviews	28, 46, 54, 70, 76, 110, 111, 112
