

The Troubles in Northern Ireland and Theories of Social Movements

Protest and Social Movements

Recent years have seen an explosion of protest movements around the world, and academic theories are racing to catch up with them. This series aims to further our understanding of the origins, dealings, decisions, and outcomes of social movements by fostering dialogue among many traditions of thought, across European nations and across continents. All theoretical perspectives are welcome. Books in the series typically combine theory with empirical research, dealing with various types of mobilization, from neighborhood groups to revolutions. We especially welcome work that synthesizes or compares different approaches to social movements, such as cultural and structural traditions, micro- and macro-social, economic and ideal, or qualitative and quantitative. Books in the series will be published in English. One goal is to encourage non-native speakers to introduce their work to Anglophone audiences. Another is to maximize accessibility: all books will be available in open access within a year after printed publication.

Series Editors

Jan Willem Duyvendak is professor of Sociology at the University of Amsterdam. James M. Jasper teaches at the Graduate Center of the City University of New York.

The Troubles in Northern Ireland and Theories of Social Movements

Edited by
Lorenzo Bosi and Gianluca De Fazio

Amsterdam University Press
