

**CORROSION REVIEWS
TABLE OF CONTENTS**

	Page
Electrochemical Methods for Corrosion Rate Determination Under Cathodic Polarisation Conditions – A Review Part I – DC Methods	
J. Jankowski	159
Electrochemical Methods for Corrosion Rate Determination Under Cathodic Polarisation Conditions – A Review Part II – AC Methods	
J. Jankowski	179
Comparison of Strength Retention of Novolac Vinyl Ester Joints in Hot HCL	
Dave Chapman, P. Eng. and W.A. (Sandy) Marshall, P. Eng.....	201
Electrochemical Behavior of Brass in Acid Solutions and the Inhibitive Effect of Imidazole	
Jyotsna Shukla and K.S. Pitre	217
An Encounter with Microheterogeneous Systems As Corrosion Inhibitors	
Susai Rajendran, R.Maria Joany and N. Palaniswamy	231
