

SCIENCE AND ENGINEERING OF COMPOSITE MATERIALS

VOLUME 16, NO. 4

2009

TABLE OF CONTENTS

The Effect of Using Saturated Lightweight Aggregate on Shrinkage and Hydration Degree of High Performance Concrete Metin Davraz and Lütfullah Gunduz	225
Tension-Tension Fatigue Behavior of Natched Nextel™ 720/Alumina (N720A) at Elevated Temperature S. Mall and M.A. Sullivan	235
Free Vibration of Laminated Composite Curved Beams using Mixed Finite Element Formulation Fetih Kadioglu and Cihan Iyidogan	247
Tribological Comparative Study of the Effect of Boride and Silicon Particles on Aluminum Matrix Composite Ronald Carrasquillo, Roberto Rivera, Yarymar Martinez, O. Marcelo Suárez	259
Synthesis and Characterization of Mechanically Alloyed Al/Al_xMg_{1-x}B₂ Composites O. Marcelo Suárez, José Vazquez, Luvina Reyes-Russi	267
Combined Non-Destructive Testing Approach to Waste Fine Aggregate Cement Composites Jacek Katzer and Janusz Kobaka	277
