

Bibliographische Übersichten

Christoph Albers

Zeitungen in Bibliotheken

Aufsätze, Monographien und Rezensionen aus dem Jahr 2012/13
mit Nachträgen zu den Jahren 2010 und 2011

Christoph Albers: christoph.albers@sbb.spk-berlin.de

Die von Wilbert Ubbens und Dr. Willi Höfig im Jahr 1982 begründete und bis zum Jahr 2002 jeweils in Heft 3 dieser Zeitschrift veröffentlichte Bibliographie wird mit der vorliegenden Übersicht fortgesetzt. Die Gliederung nach Schlagwörtern und die Zitierweise wurden weitgehend beibehalten, um sowohl die Orientierung zu erleichtern als auch spätere Hinweise auf diese Bibliographie zu vereinfachen. Wo nötig, wurden wieder erläuternde Hinweise in englischer Sprache hinzugefügt.

Für diese Übersicht wurden auch wieder Nachweise aus den verwandten Bereichen der Archive, Dokumentationsstellen und Museen aufgenommen, um die für Zeitungen wünschenswerte spartenübergreifende Zusammenarbeit zu fördern.

In: *International Journal of Library and Information Science* 4 (2012) 7, S. 131–136. [This study assessed the value of hardcopy materials and its actual use at the National Centre for Technology Management (NACETEM). The findings of this study revealed that 97.5% of the employees supported the use of hardcopy materials. It was noted from the findings that employees’ use of the library has not significantly changed as a result of Internet availability in the institution. The study concluded that newspapers were most in use among the hardcopy materials in the library].

Digitalisierung

- Z 12/25. Elstrøm, Gry Vindelev; Jensen, Tonny Skovgård: Planning for mass digitisation of newspapers: a castle, a shed or something in between? In: *Microform & Digitization Review* 41 (2012) 3/4, S. 129–139.
- Z 12/26. Erjavec, Tomaz: Historical Slovenian Language Resources. In: *Knjiznica* 56 (2012) 3, S. 205–221. [This article presents three language resources enabling better full-text access to digitised printed historical Slovenian texts: a hand-annotated corpus, a hand-annotated lexicon of historical words and a collection of transcribed texts. The third resource contains about 5 million words of hand-corrected transcriptions from the following digitised texts: Slovenian books and editions of the newspaper 'Kmetijske in rokodelske novice', Digital library AHLIB and a selection of Slovenian books. All three resources (corpus, lexicon, collection) are encoded according to the Text Encoding Initiative Guidelines TEI P5, which enable the definition of XML schemas for encoding texts for scholarly purposes. Project homepage: <http://nl.ijs.si/imp/>].

[With the scanning of valuable Polish cultural heritage, libraries and museums paved new paths and aspirations of the Polish Library in the twenty-first century. The electronic scanning and sharing content on the Internet has begun to educate generations of Poles, using digital resources. This article discusses the development of digital libraries, the digitization of Malpolksa newspapers, and the Malpolksa digital library].
- Z 12/33. MacLennan, Birdie; McMurdo, Tom; Kilb, Megan: Vermont Digital Newspaper Project: from reel to real. In: *Serials Librarian* 64 (2013) 1–4, S. 151–157. [In the summer of 2010, Vermont began formal participation in the National Digital Newspaper Program with the launch of the Vermont Digital Newspaper Project (VDNP). Libraries, repositories, and other organizations from across the state partnered to select and digitize historical state newspapers to be made freely available on the Library of Congress website. Birdie MacLennan described previous projects that facilitated the development of the VDNP, and highlighted the preliminary labour involved in planning a large-scale digitization project and preparing the grant application. Tom McMurdo described the logistics of selecting a digitization vendor, preparing the materials for digitization, and then reviewing the finished product].
