Contents

Research articles

Melisa C. Wong, Monica A. Bravo and Michael Dowd
Ecological dynamics of *Zostera marina* (eelgrass) in three adjacent bays in Atlantic Canada — 413

Nina M. Jørgensen and Trine Bekkby
Historical and present distribution of *Zostera marina* in the high north (Troms County, northern Norway) – a decline over the last century — 425

Camilo López-Cristoffanini, Florence Tellier, Ricardo Otaíza, Juan A. Correa and Loretto Contreras-Porcía
Tolerance to air exposure: a feature driving the latitudinal distribution of two sibling kelp species — 431

Joanna M. Kain (Jones)
***Colpomenia bullosa* crust (Phaeophyceae) stressed less by grazing than by abiotic factors in high intertidal rockpools in southeast Australia — 441**

Martina Orlando-Bonaca, Pierre-Alain Mannoni, Diego Poloniato and Annalisa Falace
Assessment of *Fucus virsoides* distribution in the Gulf of Trieste (Adriatic Sea) and its relation to environmental variables — 451

Susana Pinedo, Mikel Zabala and Enric Ballesteros
Long-term changes in sublittoral macroalgal assemblages related to water quality improvement — 461

Hui Huang, Xiu Bao Li, Eduard A. Titlyanov, Cheng Ye, Tamara V. Titlyanova, Ya Ping Guo and Jing Zhang
Linking macroalgal $\delta^{15}\text{N}$ -values to nitrogen sources and effects of nutrient stress on coral condition in an upwelling region — 471

Viviana Peña and Ignacio Bárbara
Non-coralline crustose algae associated with maerl beds in Portugal: a reappraisal of their diversity in the Atlantic Iberian beds — 481

Athanasios Athanasiadis, David L. Ballantine and Hector Ruiz

***Hydrolithon abyssophila* sp. nov. (Hydrolithoideae, Corallinales), a bisporic coralline from the insular shelf edge of Puerto Rico and the Virgin Islands (US) — 495**

Wendy A. Nelson, Su Yeon Kim, Roberta D'Archino and Sung Min Boo
The first record of *Grateloupia subpectinata* from the New Zealand region and comparison with *G. prolifera*, a species endemic to the Chatham Islands — 507

Danilo Edson Bustamante, Boo Yeon Won and Tae Oh Cho
***Neosiphonia baliana* sp. nov. and *N. silvae* sp. nov. (Rhodomelaceae, Rhodophyta) from Bali, Indonesia — 515**

Jan M. Conitz, Robert Fagen and Michael S. Stekoll
Effects of density and substrate type on recruitment and growth of *Pyropia torta* (Rhodophyta) gametophytes — 525

David U. Hernández-Becerril, Mónica C. Rodríguez-Palacio and Cruz Lozano-Ramírez
Morphology and life stages of the potentially pinnatoxin-producing thecate dinoflagellate *Vulcanodinium rugosum* from the tropical Mexican Pacific — 535

Short communication

Juan Luis Mata and Just Cebrián
Fungal endophytes of the seagrasses *Halodule wrightii* and *Thalassia testudinum* in the north-central Gulf of Mexico — 541
