

Preface: Celebrating One Hundred Years

by Guest Editors Robert Guillaumont, Jerzy Kroh, Stanislaw Penczek,
and Jean-Pierre Vairon

2

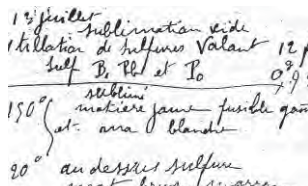

Marie Curie and Her Time

by H el ene Langevin-Joliot

4

A Biographical Sketch

8

An Inspiring Laboratory Director:

Marie Curie and Women in Science

by Soraya Boudia

12

Marie Curie's Relations with the United States

by George B. Kauffman

16

A Short History of Polonium and Radium

by Jean-Pierre Adloff

20

Chemistry after the Discoveries of Polonium and Radium

by Robert Guillaumont and Bernd Grambow

24

How R ongten and Becquerel Rays are Linked with the Discoveries of Polonium and Radium

by Andrzej Kajetan Wr oblewski

28

Physics and Radioactivity after the Discovery of Polonium and Radium

by Pierre Radvanyi

32

Medicine after the Discovery of Radium

by Julian Liniecki

36

The Museum of Maria Skłodowska-Curie in Warsaw

by Małgorzata Sobieszczak-Marciniak

38

Programs and Institutions Bearing Maria Skłodowska-Curie's (or Marie Curie's) Name

by Barbara Petelenz and Andrzej Kufakowski
