Directions for Authors

DEMONSTRATIO MATHEMATICA publishes original papers in mathematics. Manuscripts in English, German, or French should be sent in duplicate to the Editorial Office by post. They should be printed on one side and not exceed 20 typed pages. A short abstract should be included. Formulas should be numbered on the left-hand side of the line. References to the literature should be arranged in alphabetical order, typed with double spacing. Abbreviations of journal names should follow Mathematical Reviews. Titles of the papers in Russian should be translated into English. The paper should contain the affiliation of all the authors, including complete postal and e-mail addresses. 2000 Mathematics Subject Classification numbers should be given. In each issue, the papers are ordered according to these numbers. The publisher requires submission of manuscripts written in $\text{T}_{\text{E}}\text{X}$, $\mathcal{A}\mathcal{M}\mathcal{S}\text{-T}_{\text{E}}\text{X}$ or $\text{L}^{\text{A}}\text{T}_{\text{E}}\text{X}$. After the paper is accepted for publication, the author should send the final hard copy and file(s) on the disk or by e-mail to the Editorial Office. Authors receive 25 reprints of their articles.
