DEMONSTRATIO MATHEMATICA publishes original papers in mathematics. Manuscripts in the English language should be e-mailed in the form of a pdf file to the Editorial Office at demmath@mini.pw.edu.pl. The covering letter should include all authors' names, the title of the paper and 2000 MSC codes. Papers should not exceed 20 typed pages. A short abstract should be included. The manuscript should contain the affiliation of all authors, including complete postal and e-mail addresses, and 2000 Mathematics Subject Classification codes. After the paper is accepted for publication, the author will be requested to e-mail the final TEX version to the Editorial Office. Authors receive 25 reprints of their articles free of charge.
