DE GRUYTER

ECONOMIC QUALITY CONTROL provides an international forum for the exchange of information on all fields related to quality and reliability. It focuses on the development of most economic control and maintenance policies for production and inventory. Economic Quality Control primarily publishes research articles. Survey articles on a topical area inside the scope of the journal will be considered. All submitted papers are thoroughly peer-reviewed before publication.

ISSN 0940-5151 · e-ISSN 1869-6147 · CODEN EQCCA4

All information regarding notes for contributors, subscriptions, Open access, back volumes and orders is available online at www.degruyter.com/eqc.
