Launching with an Inaugural Issue in 2011, Professor Ramona Zachary at Baruch College and Professor Chandra Mishra at Florida Atlantic University introduce a new forum for scholarly discussion on entrepreneurs and their activities, contexts, processes, strategies, and outcomes entitled Entrepreneurship Research Journal (ERJ).

Positioned as the premier new research journal within the field of entrepreneurship, ERJ seeks to encourage a scholarly exchange between researchers from any field of study who focus on entrepreneurs, and will include both theoretical and empirical articles, with priority being given to high quality theoretical and empirical papers that have managerial or public policy orientation as well as ramifications for entrepreneurship research overall.
