Retraction of: Magneto-elastic SV-wave at the interface of pre-stressed surface with voids under rotation

<https://doi.org/10.1515/jmbm-2017-9992>

Retraction of: Rajneesh Kakar and Shikha Kakar. 2016. Magneto-elastic SV-wave at the interface of pre-stressed surface with voids under rotation. *Journal of the Mechanical Behavior of Materials*. Volume 25, Issue 5–6, pages 153–160. (DOI 10.1515/jmbm-2017-0002).

This article has been retracted at the request of the Editor-in-Chief. There is evidence that the author plagiarized a paper that he reviewed for the International Journal of Geomechanics. The authors do not agree with the retraction.
