Please see the journal's homepage for Abstracting & Indexing Services information.

Journal of Transcultural Communication (JTC) provides a transdisciplinary platform for the publication of original research into theories and practices of transcultural communication in an increasingly globalizing and networking human society. Built upon the prosperous analyses on the complex relationship between culture and communication, JTC encourages original submissions reflecting theoretical approaches in intercultural communication, integrating diverse perspectives in communication between cultures, and transcending hegemonic views of global cultures.

e-ISSN 2749-4799
