

Reviewer Acknowledgement

<https://doi.org/10.1515/lingty-2025-2001>

A good scientific journal is simply unthinkable without reviewers. We, the team behind *Linguistic Typology*, are immensely grateful to all our reviewers for their generous assistance, their readiness to invest time and energy, share their expertise, provide comments to the submitted manuscripts, and in this way contribute to the quality of the published articles.

Starting with this issue, *Linguistic Typology* will regularly (once a year) acknowledge the names of all the anonymous reviewers for the last year. Below are the names of the reviewers who submitted their reviews between 1 January 2021 and 31 August 2024. All of them have agreed to have their names displayed.

Many heartfelt thanks!
