The publisher would like to inform that the article “Aluminium(III), Fe(II) Complexes and Dyeing Properties of Apigenin(5,7,4′-trihydroxy flavone)” by Gulbin Erdogan, Recep Karadag, and Aysin Eler (<https://doi.org/10.1515/MGMC.2010.33.6.283>) has been retracted.

The authors submitted the manuscript to two journals of the same publisher, i.e., *Main Group Metal Chemistry* and *Reviews in Analytical Chemistry* (formerly Freund Publishing House). By formal mistake, the research was published in both of them. The article in *Reviews in Analytical Chemistry* can be found at <https://doi.org/10.1515/REVAC.2010.29.3-4.211>.
