An apercu of the current status of women in ocean science

https://doi.org/10.1515/pac-2020-1206 Pure Appl. Chem. 2021; 93(8): 869-884

## Invited paper:

Complementing the Global Ocean Science Report 2020-Charting capacity for ocean sustainability, we use the conceptual framework of UNESCO's SAGA (STEM and Gender Advancement) project, to review information on women's education and careers in ocean science and to provide information on resources to achieve gender equality among ocean science researchers.

Keywords: Gender equality; gender gap; Global Ocean Science Report; ocean science; SAGA Science, Technology and Innovation Gender Objectives; science; STEM; United Nations Decade of Ocean Science for Sustainable Development; women researchers.
