Mass spectrometry-based strategies for protein disulfide bond identification

DOI 10.1515/revac-2013-0011

Rev Anal Chem 2013; 32(4): 257–268

Review: Disulfide bond analysis
using mass spectrometry.

Keywords: disulfide bond; mass
spectrometry; protein pharmaceuti-
cals.

Paper diagnostics in biomedicine

DOI 10.1515/revac-2013-0007

Rev Anal Chem 2013; 32(4): 269–294

Review: A critical review of paper
diagnostic concepts and designs,
and their applications – present and
future – in biomedicine.

Keywords: analytical; bioactive
paper; biomedicine; paper diagnos-
tics; paper structure; sensitivity.
