J. Kesselmeier and D. Strack, High Performance Liquid Chromatographic Analysis of Steroidal Saponins from *Avena sativa* L.
Z. Naturforsch. **36c**, 1072–1074 (1981).

According to results, presented by Kesselmeier (Protoplasma, in press), the terms “avenacosides A and B” have to be changed to 26-desgluco-avenacosides A and B. The leaf-saponins C and D are to be called avenacosides A and B.
