

European Powder Diffraction Conference Award for *Distinguished Powder Diffractionists*

Sponsored by Bruker AXS (Karlsruhe, Germany)

The EPDIC Award for Distinguished Powder Diffractionists was assigned for the first time during the EPDIC-11 Conference for outstanding results and/or continued, important contributions to the field of powder diffraction. The award winner is invited to present a plenary talk at the next European Powder Diffraction Conference. The award has a value of 1,000 Euro.

The EPDIC Committee of each EPDIC Conference decides who is the winner. Short proposals of candidates containing descriptions of the scientific contributions to be assessed should be addressed to any member of the EPDIC Committee who is asked to make names public within this committee.
