

# Statistics & Decisions

Volume 12 · Issue 4 · 1994

|  |     |
|--|-----|
| <i>C. H. Müller</i><br>One-step-M-estimators in conditionally contaminated linear models .....   | 331 |
| <i>D. Sharma, S. Kumar</i><br>Estimating quantiles of exponential populations .....  | 343 |
| <i>S. K. Acharya, M. N. Mishra</i><br>Upper and lower class functions for the maximum likelihood estimator<br>for nonlinear stationary homogeneous diffusion processes ..... | 353 |
| <i>M. Janzura</i><br>Statistical analysis of Gibbs-Markov binary random sequences .....  | 367 |
| <i>F. Marohn</i><br>Asymptotic sufficiency of order statistics for almost regular Weibull<br>type densities .....  | 385 |
| <i>K. Birmiwal, P. Papantoni-Kazakos</i><br>Outlier resistant prediction for stationary processes .....  | 395 |
| Book Reviews .....   | 429 |
| Referees of Volume 12 (1994) of S & D .....  | 433 |
