

Index of Volume 17 (1999)

Number 1

C. van Eeden, J. V. Zidek

Minimax estimation of a bounded scale parameter
for scale-invariant squared-error loss 1

R. E. Lillo, M. Martin

Characterization of Bayes estimators of the uniform scale parameter 31

W. Bischoff

Best θ -approximants for bounded weak loss functions 49

R. J. Karunamuni

Optimal rates of convergence of monotone empirical Bayes
tests for uniform distributions 63

H. Luschgy

Complete families of invariant distributions 87

Book reviews 101

Number 2

M. Pensky

Estimation of a smooth density function using Meyer-type wavelets 111

N. Shinozaki, Yuan-Tsung Chang

A comparison of maximum likelihood and best unbiased estimators
in the estimation of linear combinations of positive normal means 125

Y. Maruyama

Improving the James-Stein estimator 137

C. Macci

Some further results about undominated Bayesian experiments 141

TaChen Liang

Empirical Bayes two-tail tests in a discrete exponential family 157

U. Saint-Mont

Prophet regions for iid random variables
with simultaneous costs and discountings 185

Book reviews 205

Number 3

C. Jacques, B. Rémillard, R. Theodorescu

Estimation of Linnik law parameters 213

F. Marohn

Local asymptotic normality of truncation models 237

Y. Chung, C. Kim, D. K. Dey

A new class of minimax estimators of multivariate normal mean
vectors under balanced loss function 255

D. Salomé, R. de Bruin, W. Schaafsma

Q -values for χ^2 -problems 267

A. H. Kroese, D. Salomé, W. Schaafsma

An optimum property for fiducial inference 285

Y. Takagi

On the choice of the variable of loss function 293

Book reviews 303

Number 4*F. Gamboa*

New Bayesian methods for ill posed problems 315

N. Gaffke, R. Steyer, A. A. von Davier

On the asymptotic null-distribution of the Wald statistic at singular parameter points .. 339

W. Stummer

On a statistical information measure of diffusion processes 359

R. Göb

Economic inspection for the lot mean 377

M. Akahira

The concept of normalized deficiency and its applications 403

Book Reviews 413

Referees of Volume 17 (1999) 421

Author Index of Volume 17 423

Statistics & Decisions

Volume 17 · Issue 4 · 1999

<i>F. Gamboa</i> New Bayesian methods for ill posed problems	315
<i>N. Gaffke, R. Steyer, A. A. von Davier</i> On the asymptotic null-distribution of the Wald statistic at singular parameter points	339
<i>W. Stummer</i> On a statistical information measure of diffusion processes	359
<i>R. Göb</i> Economic inspection for the lot mean	377
<i>M. Akahira</i> The concept of normalized deficiency and its applications	403
Book Reviews	413
Referees of Volume 17 (1999)	421
Author Index of Volume 17	423
