Acknowledgments

Y THANKS are due to graduate students enrolled in seminars dealing with Mark Twain at the University of Chicago for discoveries that they made when studying the following three works: Mary Jane Daicoff, Jessie C. Cunningham, and Allen D. Goldhamer—"Huck Finn and Tom Sawyer among the Indians"; Kerry Anne Reidy, Richard Eliel, and Robert Solotaroff—"Tom Sawyer's Conspiracy"; Claude Hubbard, Gordon L. Harper, and Robert W. Gladish—"Tom Sawyer: A Play."

Henry Nash Smith of the University of California several years ago very kindly arranged for the Mark Twain Company to grant me permission to edit these materials, and over the years he has helped me solve many baffling problems. Claude M. Simpson, Jr., of Stanford University scrutinized the manuscript as a representative of the Center for Editions of American Authors of the Modern Language Association and made useful suggestions for its improvement.

The Center for Editions of American Authors was generous in providing funds to support research. I am grateful to the Rare Book Department of the Detroit Public Library for making available for publication the manuscript of "Huck Finn and Tom Sawyer among

the Indians"; and to the Doheny Collection at St. John's Seminary, Camarillo, California, for providing photocopy of some working notes for "Tom Sawyer: A Play."

Frederick Anderson, Editor of the Mark Twain Papers, not only gave much invaluable aid himself, he also efficiently directed the activities of a gifted group of young assistants at the University of California in Berkeley: Victor Fischer, Theodore Guberman, Bruce T. Hamilton, Mariam Kagan, Mark Miller, and Jill Newman served as typists and proofreaders. Michael Frank, Alan D. Gribben, Robin N. Haeseler, Robert Hirst, and Bernard L. Stein proofread and checked both texts and editorial matter. The number of errors which this group prevented me from making was incredible—or at least so I hope. So large was their contribution that I place their names here with regret: I would have preferred to place them on the title page along with mine.
