

Birth of the Nation

CALIFORNIA SERIES IN PUBLIC ANTHROPOLOGY

The California Series in Public Anthropology emphasizes the anthropologist's role as an engaged intellectual. It continues anthropology's commitment to being an ethnographic witness, to describing, in human terms, how life is lived beyond the borders of many readers' experiences. But it also adds a commitment, through ethnography, to reframing the terms of public debate—transforming received, accepted understandings of social issues with new insights, new framings.
