AMERICAN STUDIES NOW:  
CRITICAL HISTORIES OF THE PRESENT

*Edited by Lisa Duggan and Curtis Marez*

Much of the most exciting contemporary work in American Studies refuses the distinction between politics and culture, focusing on historical cultures of power and protest on the one hand, or the political meanings and consequences of cultural practices, on the other. American Studies Now offers concise, accessible, authoritative, e-first books on significant political debates, personalities, and popular cultural phenomena quickly, while such teachable moments are at the forefront of public consciousness.

2. *The Fifty-Year Rebellion: How the U.S. Political Crisis Began in Detroit*,
