

# The Tourism Area Life Cycle

## ASPECTS OF TOURISM

**Series Editors:** **Chris Cooper** (*Leeds Beckett University, UK*), **C. Michael Hall** (*University of Canterbury, New Zealand*) and **Dallen J. Timothy** (*Arizona State University, USA*)

**Aspects of Tourism** is an innovative, multifaceted series, which comprises authoritative reference handbooks on global tourism regions, research volumes, texts and monographs. It is designed to provide readers with the latest thinking on tourism worldwide and in so doing will push back the frontiers of tourism knowledge. The series also introduces a new generation of international tourism authors writing on leading-edge topics.

The volumes are authoritative, readable and user-friendly, providing accessible sources for further research. Books in the series are commissioned to probe the relationship between tourism and cognate subject areas such as strategy, development, retailing, sport and environmental studies. The publisher and series editors welcome proposals from writers with projects on the above topics.

All books in this series are externally peer-reviewed.

Full details of all the books in this series and of all our other publications can be found on <https://www.channelviewpublications.com>, or by writing to Multilingual Matters, St Nicholas House, 31–34 High Street, Bristol BS1 2AW, UK.

Title: The Tourism Area Life Cycle: Review, Relevance and Revision/

Edited by Richard W. Butler.

Description: Bristol; Jackson: Channel View Publications, [2024] |

Series: Aspects of Tourism: 100 | Includes bibliographical references and index.

| Summary: "The Tourism Area Life Cycle model has been cited and used by academics and those in the industry for over 40 years. This book provides an overview of the contribution of the model, its strengths and weaknesses, and particularly its relevance in the 21st century. The final section considers revisions and concludes with a new version of the model" – Provided by publisher.
