Introduction	196
Traditional Theories of Culture	196
Sociological Traditions	198
Anthropological Traditions	199

Cultural Studies	208
Post-Modernist, Post-Colonialist and Other Recent Theories	215
Bourdieu and Epistemology	220
Sub-cultural Theories	221
Bicultural Theories	225
Other Multicultural Studies	227
Summary and Conclusions	230
5 Deaf Culture: Discourses and Definitions	232
Introduction	232
Terminological Overview	233
English-Generated Definitions	233
Sign-Language-Generated Definitions	237
Academic Perspectives on Deaf Culture	238
Deaf Culture Contested	245
Academic Critiques of Deaf Culture	249
Re-evaluating Problematic Aspects of Deaf Culture	253
Summarising the Review.	259
Theoretical Grounding for this Study.	262
6 Researching Deaf Communities – Subaltern Researcher	
Methodologies	267
Introduction	267
Ethnography.	271
Critical Ethnography	272
Subaltern-Researcher Status and Implications.	275
Situating Myself within the Study.	277
Subaltern-Élite Researcher Status and the Origins of the Study	281
First Stage of the Study	282
Second Stage Strategies.	286
Additional Strategies	287
Third Stage Strategies.	288
Additional Issues	289
Summary – Implications for Research Chapters.	295
7 The Roots of Deaf Culture: Residential Schools.	297
Introduction	297
The Significance of Deaf Residential Schools	297
Life under Oralism	303
Creating a Positive Deaf Experience	305
Access to Deaf Traditions and a ‘Historical Self’	315

Other Positive Effects of Oralism	322
Negative Effects of Oralism on Deaf Culture	323
Chapter Summary and Implications	329
8 The Roots of Deaf Culture: Deaf Clubs and Deaf Subalterns . .	332
Introduction	332
The Missionary Tradition	332
‘Class’ Differences in Deaf Society	335
Inter-Group Characteristics	339
‘Middle-Class’ Attitudes	342
‘Working-Class’ Attitudes	347
Cultural Unity	360
Chapter Summary and Key Points	366
9 Subaltern Rebels and Deafhood – National Dimensions. . . .	369
Introduction	369
Deafhood and Learning from Elders	370
Rebels and Reprisals	376
Subaltern Rebels and ‘Deaf Pub Culture’.	380
‘Middle-Class’ Deaf, Deafness and Deafhood – National Dimensions	385
Deafhood and Deaf Political Culture – Subaltern Rebellions	391
The Contemporary BDA and Deafhood Issues	397
Summary and Key Points of Data Chapters	399
10 Conclusions and Implications	401
Introduction	401
Validation of Deaf Culture Concept	401
Implications of Validation	402
Implications for Deaf Cultural Theory	406
Deafhood and Deaf Cultural Theory	408
Deafhood, Deaf Culture and the Study of Deaf Communities	409
Implications for Wider Cultural Theory	410
The ‘Structure of Feeling’ of Deaf and Minority Cultures . . .	412
Methodological Conclusions and Implications	422
Summary – Additional Directions for Further Research . . .	430
11 Afterword	434
Imagined Futures	434
Political Reconstruction	436
Reconstruction and ‘Hearing Bilingualism’	438

Educational Reconstruction	439
Cultural Reconstruction	444
Community Reconstruction	444
Media Reconstruction	449
Academic Reconstruction	449
The Wider Academic Project.	453
Medical Reconstruction	453
Current Affairs	457
Language In Your Bloodstream	462

Further Reading	463
