The present work is the result of a thorough process whose origin goes back to an expert meeting on Iberian chivalric books held in Seville in early 2018. The meeting itself had been regarded as one of the main components of our project “The Spanish Romances of Chivalry in English Translation: Anthony Munday and Early Modern Culture in Europe”, funded by the Spanish Ministry of Economy and Competitiveness (FFFI2015-70101-P). It proved to be extremely rewarding, as participants were only too eager to share their latest research findings. I wish to thank them all for their attendance and for having agreed to contribute to this volume.

My heartfelt thanks to my colleagues Jordi Sánchez Martí (University of Alicante) and Goran Stanivukovic (Saint Mary’s University), whose sensible advice and constant support have been essential. I must also thank Professor Rafael Portillo (University of Seville) for his ceaseless help and always profitable advice.
