

# Acknowledgments

---

To Mark Thompson, our unrelenting editor, Barbara Porter, Charles Stuart, and the team at University of Toronto Press for their help and support. To Jaume Martí-Olivella and to the contributors to this volume. Special thanks to Helena Gomà and Pere Portabella for their assistance. To all my friends and colleagues – they know who they are, and I thank them for always being there. And to three very special people: Roberta Johnson, for believing in me more than I ever did; Rick Carpenter, for being the best life partner anyone could have; and *la meva mare*, for everything and then some.

*Anton Pujol*

To Belen and Manel, for bringing so much joy to my life. To Anton Pujol, the co-editor of this volume, for his unflinching belief in the project. To the Center for the Humanities of the University of New Hampshire, for the Senior Faculty Fellowship that made possible the initial research for this volume.
