Introduction 1

## **PART ONE: THE PHILOSOPHY OF FLEXNERIAN MEDICAL CARE**

1 Born from the Womb of Eugenics 23

2 The Road Taken: Flexner's Legacy in the Modern World 36

3 Why So Much Medical Science Is Not Reliable 47

4 Why Patients (and Doctors) Are Enticed by  
Flexnerian Logic 58

5 Most of What We Offer Patients Is No Better  
Than a Pebble 68

6 Turning Pebbles into Boulders: How We  
Exaggerate the Benefits of What We Do 78

|                                                            |     |
|------------------------------------------------------------|-----|
| 7 Numerical Epidemics                                      | 86  |
| 8 The Pitfalls of Screening for Diseases You<br>Might Have | 104 |
| 9 When Science Becomes Dogma                               | 120 |
| 10 There's an App for That!                                | 130 |
| 11 Whatever Happened to Common Sense?                      | 142 |
| 12 The Drug Epidemic (It's Not What You Think)             | 155 |
| 13 Flexner and the Care of the Elderly                     | 163 |
| 14 Shared Decision-Making in a Flexnerian World            | 174 |

## **PART TWO: THE COGS OF THE FLEXNERIAN MEDICAL-INDUSTRIAL COMPLEX**

|                                                                             |     |
|-----------------------------------------------------------------------------|-----|
| 15 The Foundations of Our Health Care Infrastructure                        | 185 |
| 16 The Financial Ramifications of Our Medical-<br>Industrial Complex        | 192 |
| 17 Our Medical Education Quandary                                           | 206 |
| 18 The Dangers of Flexnerian Overspecialization in<br>Medical Care          | 220 |
| 19 US Insurance Companies: Bankrupting Our Nation<br>One Sickness at a Time | 233 |
| 20 The Power and the Influence of the Pharmaceutical<br>Industry            | 246 |
| 21 In Medical Societies We Trust                                            | 261 |
| 22 The Metric Mess of the Health Care System                                | 273 |
| 23 Hospitals: The Epicenter of Patient Care                                 | 282 |
| 24 The Case for Primary Care                                                | 293 |

|    |                                                                                   |     |
|----|-----------------------------------------------------------------------------------|-----|
| 25 | An Overlooked Legacy: The Impact of Flexner<br>on Racial Divisions in Health Care | 301 |
| 26 | Why We Are So Unhealthy and What We Can<br>Do about It                            | 313 |
| 27 | The Path Forward                                                                  | 319 |
|    | <i>Notes</i>                                                                      | 331 |
|    | <i>Books We Used</i>                                                              | 361 |
|    | <i>Index</i>                                                                      | 363 |
