

Figures

1.1	Partial Persian genetic tree diagram.	3
2.1	Restructuring (light verbal) constructions in Italian.	19
3.1	Organization of the Role and Reference Grammar (RRG) (Van Valin, 2005, p. 2).	47
3.2	Components of the Layered Structure of the Clause (LSC).	48
3.3	Types of juncture.	49
3.4	Interclausal relations hierarchy.	51
3.5	LSC with constituent and operator projections.	53
3.6	Actor-undergoer hierarchy (revised).	60
3.7	English syntactic templates (simplified) from the syntactic inventory (Van Valin, 2005, p. 15).	63
3.8	Combining syntactic templates from the syntactic inventory (Van Valin, 2005, p. 15).	64
3.9	Organization of the Role and Reference Grammar (final).	65
3.10	Linking diagram (from semantics to syntax) of an English sentence (abbreviation of all the steps). (ACC, Accusative; ACS, Accessible, ACV, Active, Activated; NMR, Non-Macrorole.)	68
4.1	Linking from semantics to syntax in English nuclear juncture.	74
4.2	LSC of the adjective/copula combination in Persian.	76
4.3	LSC for the adjectival/light verbal (inchoative) nuclear juncture and the linking from semantics to syntax.	79
4.4	LSC for the adjectival/light verbal (causative) nuclear juncture and the linking algorithm from semantics to syntax.	80
4.5	LSC for the adjectival/light verbal (causative) nuclear juncture.	81
4.6	Phases of an event.	100
4.7	Operator sharing in Persian adjectival NJs.	109
5.1	LSC of a copula/prepositional predicate in a Persian sentence.	116

5.2	LSC for a prepositional/light verbal nuclear juncture in Persian.	119
5.3	Types of prepositions.	138
5.4	Phases of an event.	144
5.5	Semantics to syntax linking in the Persian accomplishment intransitive prepositional nuclear juncture (Prep. + Prep. + LV).	150
5.6	Operator sharing in Persian prepositional NJs.	155
5.7	Semantics to syntax linking in the Persian phrasal verbs.	162
6.1	Phases of an event.	167
6.2	LSC with constituent and operator projections.	169
6.3	Fusion of two preverbal/light verbal elements through derivational morphology in Persian LVCs.	171
6.4	The word layered structure of the word in a derivation (Nolan, forthcoming).	172
