The aim of the CSSS is to promote the study of the Syriac culture which is rooted in the same soil from which the ancient Mesopotamian and biblical literatures sprung. The CSSS is purely academic, and its activities include a series of public lectures, one yearly symposium, and the publication of its Journal. The Journal is distributed free of charge to the members of the CSSS who have paid their dues, but it can be ordered by other individuals and institutions through Gorgias Press (www.gorgiaspress.com)
