The Virgin of Guadalupe and the Conversos

LATINIDAD

Transnational Cultures in the United States

This series publishes books that deepen and expand our knowledge and understanding of the various Latina/o populations in the United States in the context of their transnational relationships with cultures of the broader Americas. The focus is on the history and analysis of Latino cultural systems and practices in national and transnational spheres of influence from the nineteenth century to the present. The series is open to scholarship in political science, economics, anthropology, linguistics, history, cinema and television, literary and cultural studies, and popular culture and encourages interdisciplinary approaches, methods, and theories. The series grew out of discussions with faculty at the School of Transborder Studies at Arizona State University, where an interdisciplinary emphasis is being placed on transborder and transnational dynamics.

Matthew Garcia, Series Editor, School of Historical, Philosophical, and Religious Studies; and Director of Comparative Border Studies
