## Transnational Marriage and Partner Migration

### The Politics of Marriage and Gender: Global Issues in Local Contexts

Series Editor: Péter Berta

The Politics of Marriage and Gender: Global Issues in Local Contexts series from Rutgers University Press fills a gap in research by examining the politics of marriage and related practices, ideologies, and interpretations, and addresses the key question of how the politics of marriage has affected social, cultural, and political processes, relations, and boundaries. The series looks at the complex relationships between the politics of marriage and gender, ethnic, national, religious, racial, and class identities, and analyzes how these relationships contribute to the development and management of social and political differences, inequalities, and conflicts.
