
Abbreviations

The names of ancient writers and their works are abbreviated, when they are abbreviated, according to standard practices. In case of obscurity, see the Liddell, Scott & Jones *Greek-English Lexicon*, the *Oxford Latin Dictionary*, or the *Oxford Classical Dictionary*. I use angle brackets in translated quotations to enclose words not in the original which have been supplied to make acceptable English; square brackets enclose extra information.

ANRW	<i>Aufstieg und Niedergang der Römischen Welt</i> , ed. H. Temporini (Berlin & New York, 1972–)
Audollent	A. Audollent, <i>Defixionum tabellae</i> (Paris, 1904)
