Foreword by Richard Wilkinson	ix	
<i>one</i>	Introduction	1
Part One: A guide to wealth extraction		31
<i>two</i>	Three dangerous words: 'earnings', 'investment' and 'wealth'	33
<i>three</i>	Income: earned or unearned?	41
<i>four</i>	For rent ... for what?	49
<i>five</i>	Interest ... for what? <i>or</i> We need to talk about usury	59
<i>six</i>	Profit from production; <i>or</i> Capitalists and rentiers: what's the difference?	83
<i>seven</i>	Other ways to skin a cat	97
<i>eight</i>	Don't the rich create jobs? And other objections	119
Part Two: Putting the rich in context: what determines what people get?		137
<i>nine</i>	To what do we owe our wealth? Our dependence on the commons	139
<i>ten</i>	So what determines pay?	151
<i>eleven</i>	The myth of the level playing field	175
Part Three: How the rich got richer: their part in the crisis		179
<i>twelve</i>	The roots of the crisis	181
<i>thirteen</i>	Key winners	215
<i>fourteen</i>	Summing up: the crisis and the return of the rentier	233
Part Four: Rule by the rich, for the rich		237
<i>fifteen</i>	How the rule of the rich works	239
<i>sixteen</i>	Hiding it	255
<i>seventeen</i>	Legal corruption: above the law or making the law?	267
<i>eighteen</i>	What about philanthropy?	285
<i>nineteen</i>	Class: don't mention the war!	293
Part Five: Ill-gotten and ill-spent: from consumption to CO₂		301
<i>twenty</i>	Spending it	303
<i>twenty-one</i>	The twist in the tail: global warming trumps everything	319
Conclusions		339
<i>twenty-two</i>	So what now?	341
