

Thanks and acknowledgements

We would especially like to thank the contributors whose critical scholarship, hard work and conviviality have made this volume possible. Specifically, Krystal Nandini Ghisyawan would like to thank her parents, Celia and Haimchan Ghisyawan, for their unfaltering support, her husband Shivanan and her son Ishaan, who keeps her busy. Debra A. Harley would like to thank her parents, Thelma and Morise Harley, for their ability to respect all people and teaching her the same. Shanon Shah would like to thank his partner, Giles Goddard, for being there in love and faith. Paul Simpson would like to thank his late parents, John and Barbara Simpson, and his husband, Gordon Blows, for being there. Finally, thanks go to the anonymous reviewer for their detailed, supportive and constructive feedback.
